

ZERO COST. FULL SERVICE. ZERO BURDEN.

On-site food & amenity service for the Microsoft EKI build — engineered in-house, zero-cost to the general contractor, with Canyon owners on the ground every day.

FOUR PROGRAMS · ONE OPERATOR · ZERO ON YOU

01 ADMIN PANTRY SERVICE

A sponsored pantry across every admin trailer — your 200+ leadership and admin staff grab and go at no charge, every item logged to the room it left.

02 AMENITY TENT MARKETS + GYM

Two automated micro-markets anchor opposite ends of the 36,000 sq ft amenity tent, with one AI smart cooler running the gym's premium fuel on its own.

03 FIELD BREAK-TENT MARKETS

High-capacity 250+ SKU micro-markets put hot food and cold drinks in 2,000+ crews' hands inside a 30-minute break — no truck line, no walk off-site.

04 FOOD TRUCK MANAGEMENT

Canyon sources, schedules, contracts, and vets every truck in the lane your blueprint already drew — at no added cost and zero hours on your calendar.

WHY CANYON

- **BUILT AND RUN ON OUR OWN TECH**
Custom self-checkout kiosks, par-level inventory, and live AI insights — designed and operated in-house, live today.
- **OWNER-OPERATORS ON-SITE, EVERY DAY**
Not a remote dashboard. An equity owner walks the floor and fixes it before anyone notices.
- **A FAIR-PRICE PROMISE**
Every item benchmarked to nearby Casey's and 7-Eleven — on par with, often below. A captive crew is a responsibility, not leverage.
- **ZERO COST, ONE CLEAN INVOICE**
No cost to the general contractor. Every location rolls up into a single transparent monthly statement.

THE OPERATORS

A **woman-owned** family of companies, built by **Joleen Martin** since 1998 — Canyon Advisors · Canyon Cleaners · Canyon Apartments · Canyon Markets. Joleen (serial entrepreneur, MBA) and **Jeff Martin** — who designs and runs the technology behind every program, a 32-year educator with a PhD — own and operate all of it on the ground.

THE EASY ONE — 30 MINUTES ON ZOOM OR TEAMS.

Tell us the crew size, construction phase, and the zones you want covered. We'll bring a tailored EKI layout — at no cost to the build.

(602) 935-6830
